Marlborough

Grape varieties

100% Sauvignon Blanc

Technical analysis

ABV 13% vol

Residual sugar 2.4 g/l

UPC

853076003419

Winemaking

The fruit was gently pressed to minimize the negative effects of skin contact and the resulting juices were fermented in temperature controlled tanks with select yeast strains chosen for their ability to enhance the varietal intensity and mouthfeel of Sauvignon Blanc.

Tasting note

A deliciously ripe fragrant nose of zesty citrus, green apple. This is accompanied by a layered palate of gooseberry, guava and underlying minerality. With a crisp backbone of acidity and boundless length, this wine has a pleasingly dry finish that reflects the climate and growing conditions of the Waihopai Valley.
